Subject: DCI Briefing of Muskie Subcommittee

1. The Director is slated to brief the Disarmament Subcommittee of the Senate Foreign Relations Committee on The Strategic Threat and Verification during the week beginning 27 May.

2. As you know, this subcommittee expects detailed presentations. Since the subcommittee has not been briefed for almost a year, submissions should be unusually comprehensive and probably should include:

- A. Developments in Soviet Strategic Forces
- B. Chinese Military Developments
- C. SALT I - in retrospect
- D. SALT II - the first round
- E. The Verification Story

3. It is conceivable the scheduling will slip. Nevertheless, please have draft submissions ready for Bill Newton's initial perusal by OOB 22 May.

3. [] Colonel Hammond called on behalf of Assistant Secretary of Defense for Legislative Affairs Jack Marsh and asked if we could provide them with an up-to-date biography on Mr. James Schlesinger. I told him we could give them a copy of the biography the Director used in his confirmation hearings as DCI and they will pick it up tomorrow.

4. [] Received a call from G. C. MacGillivray, in the Map Library, who told me that a request had been received from TOPOCOM for 500 copies of our page-size map #59547, Indochina, for use in connection with an appropriations bill in Congress today to be delivered directly to Representative Gerald Ford's (R., Mich.) office. I concurred in the delivery.

6. [] Received a call from Mike Finley, Inter-American Affairs Subcommittee staff, House Foreign Affairs Committee, who asked if we would provide such information that might be available for Chairman Dante Fascell concerning a recent news article that the Panamanian government is seeking Middle East money (Libya and Saudi Arabia) to build a new canal. Fascell believed that the article was a recent column by Robert S. Allen.

7. [] Talked to Bill Ashworth, Arms Control, International Law and Organization Subcommittee staff, Senate Foreign Relations Committee, who told me that Chairman Muskie's letter would be ready to be picked up tomorrow. Unless changes result from a meeting scheduled with Chairman Muskie later in the day, the Committee would like to schedule 2:30 p.m. Wednesday, 23 May, if that fits into the Agency schedule.
